9. Profile of the programme	
The Department of Kurdish Language submits its students to study for four years to gain a bachelor's degree to work in governmental establishments. The students of this department are provided with the necessary skills and experience required for their future careers. The course of undergraduate study is rigorous and comprehensive, preparing students for future professional and academic activities in the fields they specialize in. The scientific courses in this department are balanced between the curricula and actual life. The combination of these courses has become something of great importance. The department includes lectures that impart an overall knowledge of the basic principles and essential details regarding the field of specialty. The student also studies through their specialty: psychology and method of teaching.	
10. Programme Educational Objectives	
1. Serving schools by training a specialized staff in Kurdish language and literature. 2. Training teachers specializing in Kurdish language and literature for schools. 3. Developing the educational process. 4. Educational programs for people with special needs. 5. Training a teaching staff specializing in modern technology. 6. Allowing graduates to continue their studies after obtaining a bachelor's degree.	

11. Programme learning outcomes

- 1- The objective of this department is to prepare students to be qualified teachers for secondary schools.
- 2- The college provides students with the basic principles for teaching in addition to psychological and educational subjects that deal with each specialization.
- 3- The college acknowledges the need for language proficiency, and the Department of Languages prepares teachers to stimulate an appreciation for languages in their students.
